May 5th

at the

Lifebridge Sanctuary

On **Sunday, May 5, 2013** at **4:30pm**, we will be performing at the **Lifebridge Sanctuary** in **Rosendale, NY**. It's the perfect setting for an afternoon Spring concert.

Tickets are just **\$10** at the door.

The **Lifebridge Sanctuary** is a 12,000 square foot hand crafted, green facility on 95 acres of forest and spectacular open space on the Northern crest of the Shawangunk Ridge, close to the small township of **Rosendale**, eighty miles north of New York City. The performance will take place in the Upper Room, which features a beautiful grand piano and a fabulous view of the **Catskill Mountains**.

We will be sharing some of our favorite songs from shows we've created over the years. Our two-set show will feature music from "**Optimistic Voices**", "**Skyscrapers and Mountaintops**", and "**Songs from the Silver Screen**". We are also busy working on new material and will preview songs from upcoming shows including, "**Songs in the Key of Life... the music of Stevie Wonder**". And of course, the beautiful setting begs for some songs of the Spring season celebrating new love and life!

The Sanctuary is also hosting a photography opening in the downstairs gallery that afternoon.

The show is entitled "**Water Dreaming**" and features the work of renowned nature photographers **Yva Momatiuk** and **John Eastcott**.

So come a little early, enjoy the beautiful photos and then head upstairs to share the music!
